FOR IMMEDIATE RELEASE

[Water Main Break/Pressure Loss](#) around The Cove Townhomes in the Newport Subdivision causes [City of Port Wentworth](#) to issue a boil water advisory.

Due to a [water main break/pressure loss](#), [City of Port Wentworth](#) advises customers to boil their drinking water. This advisory is for customers in [The Cove Townhomes in the Newport Subdivision](#) within city limits. Customers in other areas of [City of Port Wentworth](#) are not affected and do not need to boil their water.

Customers should:

- o Fill a pot with water.
- o Heat the water until bubbles come quickly from the bottom of the pot to the top.
- o Keep heating the water for one more minute.
- o Turn off the heat source and let the water cool.
- o Pour water into a clean, sanitized container with a cover for storage.

Customers should use boiled water that has cooled or bottled water for:

- o Drinking
- o Brushing teeth
- o Washing fruits and vegetables
- o Preparing food and baby formula
- o Making ice
- o Giving to pets

The [City of Port Wentworth](#) has restored the water, but there will be a [24 hour boil water advisory](#). This boil water advisory is a precaution. To limit risk, customers should follow the instructions contained in this release.

For more information, contact [Robert Drewry](#) at [Clearwater Solutions, 912-966-7427](#) robert.drewry@clearwatersol.com, or City Hall by calling [912-964-4379](#).

[Optional—General guidelines on ways to lessen the risk of infection by microbes are available from the EPA Safe Drinking Water Hotline at [1-800-426-4791](#).]
