

Notice of road work on Saussy Road UPDATE

LMS Real Estate LLC is currently in the process of developing the site at 66 Saussy Road. There will be phases of work where we will need to utilize public right of ways, roads, or ditches to complete our project.

Starting Monday, January 23rd, 2023, LMS will be working on road improvements. We will have traffic control present to help coordinate traffic and minimize delays. We are hoping all work for this phase of construction should be completed within 4 weeks of starting, weather permitting. Paving will be conducted after this time frame.

We apologize for any inconvenience and appreciate your patience.
